

wedding package information

The packages below can be used as a starting or reference point and wedding packages can be customized. I find that no two weddings are alike and that often I put together custom packages based on what a Couple is ultimately looking for. I love and prefer working with a Couple's unique aesthetics or vision to create something that is truly unique. Color images will be photographed digitally whereas specialty cameras and Black & White are captured with film. Destination weddings, travel, custom services or products, extra hours are available upon request. Prices do not include tax and are subject to change.

starter \$2650.00
